VANCOUVER – BRIDGING HOPE: Science and Personal Testimony in the Fight Against Addiction

Noah, David, and Elana

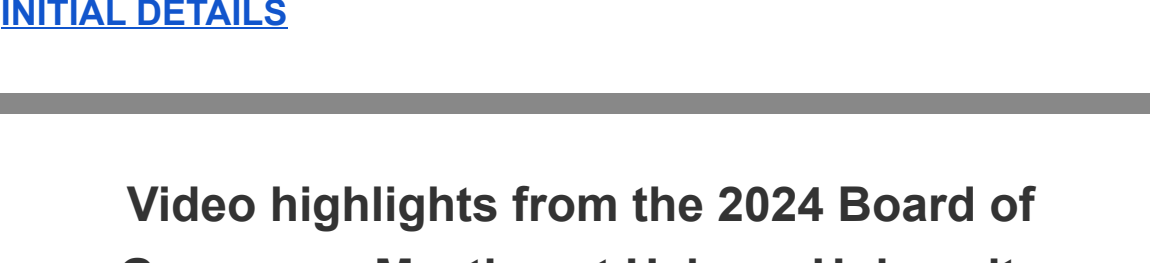

Thursday, Sept. 26, 2024 - 7:30pm

Addiction is an issue that knows no boundaries, affecting individuals and families across all levels of society. We all know of cases where lives have been impacted by overdose, making it imperative for us to come together and gain a deeper understanding of this pervasive problem.

Join us for an educational and impactful evening as we present "Bridging Hope – Science and Personal Testimony in the Fight Against Addiction." Esteemed researchers from Hebrew University and frontline expert from SickKids Hospital will share their insights, while Elana, David, and Noah Bogdonov Epstein will offer a heartfelt testimony of their journey with addiction. Don't miss this opportunity to gain valuable knowledge and join the conversation on one of the most pressing issues of our time. Your presence and participation can make a difference.
